

Live Interactive Webinar Single-Session Therapy: Providing help at the point of need

Presented by Professor Windy Dryden

Join live on the day, or access the recording at any time for 30 days.

This webinar will enable participants to learn how to work with clients for one session and achieve realistic and positive results. An integrated approach to SST utilising techniques and strategies from a broad range of therapeutic approaches will be presented. **.Real life (not role played) demonstrations of a single session approach with volunteers will be presented.**

Whether you join on the day, or at a later time(s), you have **access to the full recording and materials/resources until the 2nd May. This gives you the flexibility to join for all or part of the day or to watch the recording whenever fits with your commitments.**

Feedback from previous participants included:

Excellent. Windy is an engaging speaker & very informative. Fabulous! Insightful & thought provoking. Excellent – I feel more confident in my practice as a result of this workshop. The demonstrations were really helpful and brilliant. Challenging & refreshing. I will use these techniques in my practice. I've come away with a huge amount.

The workshop will outline the basis of Single-Session Therapy and show how it can provide help at the point of client need. The use of session transcripts and recordings for the client to take away and use will be discussed.

Windy Dryden is Emeritus Professor of Psychotherapeutic Studies at Goldsmiths, University of London. He has authored and edited more than 245 books including: 'Very Brief Therapeutic Conversations' (Routledge, 2018) and 'Single-Session Therapy: 100 Key Points and Techniques' (Routledge, 2018). His latest book is 'The Single-Session Counselling Primer: Principles and Practice (PCCS, 2020). He is internationally acclaimed for his work and undertakes live demonstrations of therapy and coaching all over the world.

This live interactive webinar is suitable for health professionals including clinical and counselling psychologists, doctors, counsellors, social workers, mental health nurses as well as those working in third sector, educational and coaching settings. It will be of interest to practitioners of CBT and other approaches. It will contribute 6 hours of Continuous Professional Development (CPD)

7th April 2022, 10 am – 4.30 pm
